# The Tell Tale of Gray Hair

To be judged ten years older than you actually are, is the tell-tale of gray, streaked hair, which detracts from a youthful appearance as much as a wrinkled face does.

Women, everywhere, prefer the easy, harmless "Brownatone" method that tints gray, streaked, faded

bleached hair, instantly, to any or bleached hair, instantly, to any shade of brown or black.

Without injury to hair or scalp, "Brownatone" imparts natural, lasting colors that defy detection. Does not rub or wash off; and requires just a few moments to apply.

Guaranteed absolutely harmless, Druggists everywhere sell and recommend "Brownatone." Two sizes—50c and \$1.50 with easy, complete directions. Two colors—shading from "Golden to Medium Brown" and "Dark Brown to Black."

If you know anything about storekeeping you know how anxious we are to get our stocks cleared of remnants tomorrow—the last Remnant Day of our fiscal year! If you don't know anything about storekeeping, we'll tell you that remnants don't look good on inventory sheets, and that even a little more cash in the bank looks better than item after item of odd lots. And that's what we are after tomorrow—a little cash in exchange for a big lot of remnants. It's clearing-up day throughout our shop!
